Your IEC Training!***

About IEC's Electrical Apprenticeship Program

- A four-year program that leads to journeyman certification that is recognized in all 50 states
- IEC assists you with finding employment with one of our 250 electrical contractors in Georgia
- You work full-time for one of IEC's contractors and go to school one night per week (January program is nights per week)
- Classes begin twice per year
- Classroom training combines hands-on training with reading and written assignments, including homework, quizzes and tests
- The program is a registered apprenticeship program with the US Dept. of Labor

Federal Funding for IEC Training

Under the Workforce Innovation and Opportunity Act (WIOA), federal funding is available to eligible individuals for educational needs. IEC's program is approved to receive WIOA funds for your tuition, books, and course materials.

In order to find out if you are eligible, you need to be assessed at one of Georgia's One-Stop Workforce Centers.

In the Metro Atlanta Area, funding is currently available in the One-Stop Centers listed to the right. To determine which One-Stop Center to attend, find the county that you live in. Dislocated workers may also attend a One-Stop Center in the county that their employer resided.

Once approved for funding for training, you can now choose the IEC's training from the State's Eligible Training Provider List.

Do Not Delay! Contact your local One-Stop Center Today! Our classes are scheduled to start several times per year.
