
CAPITAL CAMPAIGN

With the significant growth we have experienced over the last three years, we are out of lab, classroom and office space. IEC is excited to announce that we have recently purchased a 27,500 sq. ft. office and training facility in Peachtree Corners to accommodate our current and projected growth. This will allow us to expand our service offerings in apprenticeship, continuing education and upgrade our labs for electrical training in current and new areas.

We are inviting you to join us as we undertake a capital campaign to assist in the renovation cost of the facility. The campaign consists of two parts. First, we are asking our contractor and partner members to make a one time donation to the campaign. Next, we will write grants to foundations to match what we have raised from our membership. The stipulation of most grant applications is they will only match what has been raised by the membership, which is why it is important to first raise funds from our members.

We are facilitating this campaign through our subsidiary, GIFT, which is a 501(c)3 tax deductible organization, therefore your donation will be **100% tax deductible**. We will supply you with a donation letter for tax purposes. Donations made will be acknowledged publicly unless you tell us otherwise. See below for the level of donation that you are comfortable making.

☐ \$50,000	☐ \$25,000	☐ \$15,000
☐ \$10,000	☐ \$5,000	☐ Other _____

Our goal for this capital campaign is \$500,000, and a matching amount from a foundation will provide us the \$1,000,000 we are seeking for the renovations.

Make your check payable to GIFT—Georgia Industry Foundation for Training, or pay by credit card (+4% processing fee). Questions? Please contact Niel Dawson at 470-737-2311 or niel.dawson@iecatlantaga.org. ☐ Please do not make my contribution public

Name on Card _____ Company _____
Card Number _____ Sec Code _____
Address for the card _____
(Street City State ZIP)

Thank you for your continued support.
